Note for health & safety reasons the hikoi coordinator may not accept a registration if it is determined that the wellbeing of the potential participant may be at risk due to not meeting the above responsibilities or from the nature of a particular health condition

"I have read the conditions of hikoi registration and completed all parts of this form accurately to the best of my knowledge. I also understand Trust Lands are remote wilderness subject to extreme weather and will ensure that I am properly equipped & prepared for the hikoi, and maintain appropriate behaviour and follow instructions of the hikoi guides at all times. I acknowledge that participation is entirely voluntary, and certain risks of injury or trauma, both minor and serious, are inherent to participation in activities such as this"
